

A full-page background image showing two men in business suits standing in a factory or industrial setting. The man on the left is holding a tablet and pointing at it, while the man on the right is gesturing with his hands as they talk. The background is filled with industrial equipment and machinery, slightly out of focus.

Our Services

Services and prices at a glance

GLOBAL THERMOPLASTIC SOLUTIONS

When it comes to the applications of our products we take a thorough approach – and we are pleased to pass on our knowledge. We offer global consulting services, provided by staff at our Technical Service Centre unit and within our field sales organisation – from project planning and material selection to on-site advice on pre-engineering in the field.

Tank and apparatus engineering	
	€ per order
Estimation for rectangular tanks (perimeter reinforcements, cross-ribbed) and cylindrical tanks in accordance with DVS 2205	80.00
Calculations of verifiable structural analyses for DVS and tanks made of twin-wall sheets	400.00
Advice on chemical resistance (on a cost basis)	80.00 to 240.00

Pipeline construction

	€ per order
Calculations of verifiable structural analyses for buried pipes, drainage pipes in landfills and shafts	400.00
Processing support in the field provided by our experts (per hour and member of staff)	100.00

Equipment hire and accessories

Heated-tool butt welding	€ per item
Butt welding machines (also available with CNC technology, depending on size)	On request
